Pavilions and Kota Grill House

Cathedral Victorian Greenhouse with Large Cupola - A stunning greenhouse or additional outdoor living space! The Cathedral includes 1 double set of hinged doors with closers, 1 sliding door, 2 top-hang side windows, 1 louvre window, and 4 roof windows with spindle openers. It also features 2 heavy-duty aluminum reinforcements (front to back - 2.3" w x 5.2" deep) and a pre-welded cupola frame (horizontal part). Comes with 4 mm tempered glass. Dimensions: 300 sq.ft. - 15' W x 19'11" L x 12'2" H, 6'8" high at side walls; Cupola: 10'2" L x 5' 4"W.

Classico Pavilion - 360° turning round glass pavilion with two sets of double sliding doors at opposite ends. 8 side panels come with decorative design. 10" Roof overhang includes gutters and rainchains. Side walls are 6' 11" H and made of 5 mm tempered safety glass. Roof is translucent 4 mm high-impact resistant Plexiglas. Comes with shade curtain on inner half circle and thermodynamic wind-driven fan on top. Great spa cover. Includes: Foundation frame (no floor). Available in Eggshell White or Dark Grey. 12'11" D x 11'10" H

KOTA Grill House 99: Camp out like the fishermen/hunters in northern Scandinavia! Great for a small cookout party or backyard fun. Fits 9 adults/can sleep 3. Made from the highest quality Scandinavian Pine (10x denser/harder than American pine), the KOTA has 1.5" thick tongue and groove walls, double-pane glass windows, a dutch door, and 15-year professional shingles. 24" W x 5'2" H doorway. Includes Polar Metalli professional quality grill with steel hood and Lapland Accessory Kit: 5-7 reindeer hides, 5 wooden plates, knives, forks & mugs, kettle, hot pads & glove, bottle opener, clock, and guest book. Also includes a table around the fireplace for eating, a hood vent shelf, LED lighting (110 volt) and a fire extinguisher. NOTE: Customers will need to apply their own treatment/stain to the wood to prevent rotting and/or damage by animals. Two sizes available.

KOTA 99: Hexagonal (6 sided) shape. 99 sq. feet, 12'2" x 10'6" x 12' H, side walls are 6'1" w x 4'4" H.

KOTA 129: Octagonal (8 sided) shape. 129 sq.ft., 13'6" x 12'6" x 12' H, side walls are 5'2" W x 4'4" H with 12" roof overhang.

Exaco Royal Victorian Glass Greenhouses from Janssens of Belgium

Retro VI34

The Retro Royal Victorian Greenhouse

Windsor Estate-style greenhouses come with decorative panels and narrow glass (14" wide) panes for an elegant appeal. Includes double hinged doors, 6'7" sidewalls, large bottom frame, gutters with downspouts and a misting system. **Available in a variety of sizes and colors - allow 8 to 12 weeks for delivery; contact us for more details. Limited stock available.**

Retro VI 34 - Includes 4 roof windows (2 automatic openers & 2 spindle) and 1 top hanging side window.

10'2" W x 15' L x 9' H, 150 sq. feet

Retro VI 46 Includes 6 roof windows (4 automatic openers & 2 spindle) and 2 top hanging side windows.

10'2" W x 19'11" L x 9' H, 250 sq. ft

Royal Victorian Orangerie Greenhouses

The orangerie can be identified by its T-shaped floorplan, giving it a grand entrance point and more square footage to enjoy. We have two different styles available, each style includes: 6'7" sidewalls, 3 roof windows with automatic openers, 2 louvre vents with auto openers and Lexan covers for cold weather.

12'10" deep x 15'6" long/wide x 9' high, 185 sq. feet

Royal Victorian Orangerie - Dark green (other colors available by special order). Comes with double sliding door.

Royal Antique Orangerie - White (other colors available by special order). Includes double turning doors for a 60" wide entrance. *Designed to sit on a 26" high stem wall (not included).*

Optional Accessory kit for Orangerie Greenhouses includes 1 narrow top shelf (10' long x 4" wide), 1 seed-tray shelf (10' long x 20" wide x 4" deep) in matching color, and a 5-piece shade curtain & misting system

Royal Victorian Orangerie

Royal Antique Orangerie

- ✓ Classic English Victorian style
- ✓ Each vertical wall/roof pane is an elegant full length sheet rather than overlapping panels - 4mm thick tempered glass is tougher and stronger
- ✓ Glass is held in place by substantial rubber seals for better insulation
- ✓ Doors of the Royal Victorian can be placed in any vertical location (front/back/sides)
- ✓ Available accessories include: shelving, hooks, misting system, seed trays, automatic window openers, shade cloths and more
- ✓ Aluminum profiles are more substantial than competitors' profiles in this price range

Royal Victorian Greenhouses with Standard Floorplan

Our standard Royal Victorian Greenhouses in dark green feature a rectangular floorplan and are available with 4mm tempered safety glass or 10mm X-Strong Triple Wall Polycarbonate for improved insulation and light diffusion. Features for all models include sliding door(s) which can be placed on any wall, 6'7" sidewalls, a louvre window with automatic opener and Lexan cover for cold weather, roof windows with automatic or manual spindle opener(s), large bottom frame, gutters with downspouts and a misting system. Customizable features include adding additional sliding/turning doors, placing on a stem wall to increase height, additional roof/louvered windows, accessory kits, or custom colors (please see pricelist for details).

Available in glass or polycarbonate in a variety of sizes:

VI23 - Glass or Polycarbonate - Includes 2 roof windows (1 automatic and 1 spindle opener) and 1 sliding door. 7'9" wide x 10'2" long x 8'6" high, 79 sq. feet

Optional Accessory Kit for VI 23: 1 narrow top shelf (10' long x 4" wide); 1 seed-tray shelf (10' long x 20" wide x 4" deep), full-length Shade Curtain

VI23

VI34 - Glass or Polycarbonate - Includes 3 roof windows (2 automatic and 1 spindle openers) and 1 sliding door. 10'2" wide x 15' long x 9' high, 150 sq. feet

Optional Accessory Kit for VI 34: 1 narrow top shelf (15' L x 4" W); 1 seed-tray shelf (15' L x 20" W x 4" D), Shade Curtains (3 pc)

VI34

VI36 - Glass or Polycarbonate - Includes 4 roof windows (2 automatic and 2 spindle openers) and 2 sliding doors (maybe be placed separately or made into a double-wide opening). 10'2" wide x 19'11" long x 9' high, 200 sq. feet

Optional Accessory Kit for VI 36: 1 narrow top shelf (19'7" long x 4" wide); 1 seed-tray shelf (19'7" long x 20" wide x 4" deep), and Shade Curtains (2 piece)

VI36

VI46 - Glass or Polycarbonate - Includes 6 roof windows (4 automatic and 2 spindle openers and 2 sliding doors (maybe be placed separately or made into a double-wide opening). 12'7" wide x 19'11" long x 9'2" high, 250 sq. feet

Optional Accessory Kit for VI 46: 1 narrow top shelf (19'7" long x 4" wide); 1 seed-tray shelf (19'7" long x 20" wide x 4" deep), and Shade Curtains (2 piece)

VI46

Janssens Junior Victorian Greenhouses

Now with the same heavy duty profiles as the Royal Victorians, the Junior Victorian greenhouses are stronger than ever. The Junior Victorians have a black powder coat finish with shorter 5'2" sidewalls and their single sliding door is always located on a gable end. Other features include 4mm tempered safety glass, gutters with downspouts, the signature Victorian roof decoration, and a large bottom frame.

J-VIC 23

Junior Victorian Greenhouse J-VIC 23 - Includes 2 roof windows with automatic openers
7'8" wide x 10'2" long x 8'2" high, 79 sq. feet

Junior Victorian Greenhouse J-VIC 24 - Includes 2 roof windows with automatic openers
7'8" wide x 12'6" long x 8'2" high, 96 sq. feet

Optional Junior Victorian Accessory Kit - 1 seed-tray shelf (against back wall) - 7' 6" long x 20" wide x 4" deep, 1 full-length shade curtain

Junior Orangerie Greenhouse (J-ORA) - Unique T-shaped floorplan with 2 roof windows with automatic openers and one sliding door.

10'3" deep x 13' long x 8'2" high, 116 sq. feet

Optional Junior Orangerie Accessory Kit - 1 seed-tray shelf (along side wall) - 7'6" long x 20" wide x 4" deep and 5-piece shade curtains

Greenhouse Accessories from Juliana of Denmark

We are happy to add this new selection of greenhouse accessories - they work with any greenhouse profile with a channel, including our Victorian and Riga greenhouses.

Narrow Watering Shelf - With 2" high walls. Watertight design to allow under-watering plants by pouring water into the shelf. 6.7" wide, x 2" high, available in two lengths.
Medium - 56" long
Long- 84" long

Round Solar Light - Very attractive design for inside a greenhouse or pavilion - used more as atmosphere lighting.

Hanging Shelf - Suspended by handsome leather straps which hang from a rod on adjustable hooks. Watertight design to allow under-watering plants by pouring water into the shelf. 6" wide x 2" high, available in two lengths.
Small Hanging Shelf - 14" long
Medium Hanging Shelf: 30" long

Flexible Plant Spirals for Vertical Growth - Hang from the ceiling of a greenhouse for tomato, bean etc. plants: 6' tall - set of 3. Hook/Wire not included.

Square Rain Barrel - An elegant small rain barrel to place next to a fine greenhouse - will work with any greenhouse with a gutter system. Galvanized Steel. Capacity: 100 liters / 27 gal. Size: 18" x 18" x 50" high

Black Accessory Hooks - Nice hooks for universal use - hang anything on your side walls: set of 8.

Seed-Tray Shelf with Drawer - Shelf bottom is polycarbonate & aluminum sheet for added strength. The drawer is great to store small items. 20.5" wide x 3.75" high (3.5" deep), available in two lengths.
Medium - 56" L, spans 2 glazing sections
Large - 84" L, spans 3 glazing sections

Pot/Tool Holder Loop - Can hold a pot, tools, stakes, or a plastic bag as a storage container, and much more! Very practical for a greenhouse or pavilion. 5 1/2" D. Set of 4.

Germany: Riga & Riga XL Greenhouses

Q: Why choose a Riga Greenhouse?

- A:
- German engineering combined with superior materials has produced a commercial quality greenhouse for year-round growing
 - Extra-wide 8-10mm twin wall (Riga) and 16mm triple wall (Riga XL) polycarbonate glazing for advanced insulation & strength
 - Exceptional wind & snow resistance due to the unique shape
 - Do-It-Yourself assembly with US-based customer support 7 days/week
 - Oversized roof windows w/ automatic openers and a large Dutch-style door(s) with keyed lock
 - Flexible installation and foundation options allows customization to your needs
 - Optional accessories include: shelves, hooks, foundation, misting system, heater, exhaust fan/intake vent, dropped door kit for stem wall installation, professional LED grow lights and more.

Riga XL Professional Greenhouses

German engineering has created an amazingly rugged and heavy duty all-year grower's greenhouse. The Riga XL unique shape stands up to extreme wind and snow loads and the 16mm triple wall polycarbonate offers superior insulation for year round growing. Large roof window vents (37.5" wide x 39.5" high) provide good ventilation. Two locking split barn-style doors (37.5" wide x 74" high) provide access as well as ventilation at the front and rear of the greenhouse. The Riga XL may be anchored to a concrete perimeter wall or slab, raised on a stem wall with a drop door kit, or may also be anchored directly in the ground with a foundation frame (no concrete needed!). Additional accessories are available including shelves, benches, hooks, fans, vents, heaters, grow lights and more - see our pricelist for details. The Riga XL is available in a variety of sizes - each model number adds an additional section of polycarbonate in length.

Riga XL 5 - 4 roof windows with automatic openers
14' w x 16'5" L x 9'10" H, 231 sq.ft.

Riga XL 6 - 4 roof windows with automatic openers
14' w x 19'10" L x 9'10" H, 280 sq.ft.

Riga XL 7 - 4 roof windows with automatic openers
14' w x 23' L x 9'10" H, 322 sq.ft.

Riga XL 8 - 6 roof windows with automatic openers
14' w x 26'3" L x 9'10" H, 368 sq.ft.

Riga XL 9 - 6 roof windows with automatic openers
14' w x 29'6" L x 9'10" H, 413 sq.ft.

Riga XL Accessories (see Riga Accesories for more):

Riga XL Pro Kit: RIGA XL Pro Kit - Add to any RIGA XL for a "complete" starter kit: 1) RIGA 4 Top & Table Shelf; 2) 3 sets of professional LED grow lights (46" L); 3) 24" in-take shutter vent; 4) 20" exhaust fan; 5) thermostat to control vent & fan; 6) 17,500 BTU 220 V heater; 7) 5 heavy duty seed trays; 8) 10 stainless steel hooks; 9) 10 heavy duty plastic "hooks". Also includes: Facilitation Kit

Riga XL Door Drop Kit - to raise greenhouse 20" when set on stem wall. Door opening in wall should be 40" wide. Fits all Riga XL models - includes extensions for 2 doors.

RIGA XL Assembly Facilitation Kit - includes: 25' metric tape measure, 10mm socket wrench, 10 mm open wrench, 2 20' J-hook ratchet straps, window restraint cables, 2 tubes Boss 399 silicone caulk, and permanent marker

Riga Greenhouses

Available in two widths, Riga hobby greenhouses have superior support and insulation with 8mm twin-wall polycarbonate glazing in the side walls and 10mm twin-wall polycarbonate on the gable ends. One split barn style door (30" wide x 79" high) with lock and one large rear window provide ventilation along with large roof window(s). The unique shape allows snow to slide off and wind to blow over, making it suitable for a wide variety of climates and weather. Each subsequent model number represents an additional section of polycarbonate panel.

Riga Series (9'8" width)

Riga 3 - 1 roof window with automatic opener
9'8" w x 10'6" long x 7'7" high, 102 sq ft

Riga 4 - 1 roof window with automatic opener
9'8" w x 14' long x 7'7" high, 135 sq ft

Riga 5 - 1 roof window with automatic opener
9'8" w x 17'6" long x 7'7" high, 165 sq ft

Riga S Series (7'8" width)

Riga 2s - 1 roof window with automatic opener
7'8" w x 7' long x 7'1" high, 54 sq ft

Riga 3s - 1 roof window with automatic opener
7'8" w x 10'6" long x 7'1" high, 81 sq ft

Riga 4s - 2 roof windows with automatic openers
7'8" w x 14' long x 7'1" high, 108 sq ft

Q: How do the automatic window openers work?

A: The automatic opener is powered by a piston filled with paraffin oil. As temperature creeps above 72 degrees, the paraffin begins to expand and pushes out the piston rod - causing the window to open. No electricity needed!

Especially beneficial during short winter days to provide more hours of light to your plants.

new!

F3 SPECTRUM

Blue (400 - 499nm)	22.4 ± 1.3%
Green (500 - 599nm)	13.4 ± 0.6%
Red (600 - 699nm)	63.9 ± 0.8%
Far Red (700 - 780nm)	0.4 ± 0.1%

Illumitex Eclipse Gen2 N LED Grow Lights will give your greenhouse garden a boost - for flowers, vegetables & more!

- ▶ The Eclipse Gen2 N for the F3 Spectrum produces up to 104 PPF (photosynthetic photon flux) with unsurpassed light uniformity.
- ▶ Designed to be installed at 12" - 36" above the plant canopy
- ▶ Ideal for vertical farming, cannabis and hobby growing
- ▶ This spectrum produces the fastest germination with the best vegetative and flowering results of all the spectra options.
- ▶ This slim 4 foot long water-proof design is damp rated and dust resistant. The Eclipse Gen2 can be daisy-chained together in runs of up to 15 fixtures.

Riga Greenhouse Accessories

RIGA Roof Window Wind Restraint System - (2) 15" stainless steel cables with nuts & bolts per 1 roof window to protect the auto opener from wind damage. Can be used with RIGA and Victorian Greenhouses

Additional Roof Window - For additional ventilation. Does not include auto opener - available for Riga, Riga S, or Riga XL
RIGA Automatic Window Opener with quick release "arm" - allows the opener to be disconnected in adverse weather conditions. Paraffin oil in piston expands starting when inside temperature is about 72°F.
Replacement Piston for Automatic Window Opener

Door Drop Kit (Riga/Riga S/Riga XL) - to raise greenhouse 20" (set on stem wall). Door opening in wall should be 33' wide for Riga/S. Riga XL opening is 41".

Misting System: Standard with the Royal Victorian Greenhouses, but can be added to our other greenhouses - up to 14 feet long. Fits a 20' greenhouse: has 5 misters and can easily be cut shorter. If shipped by itself we cut in half and add a connector, so that it can ship with UPS/FedEx.

Heavy Duty Seed Trays: Made in Germany, 24" x 16" x 3.5" deep

Adjustable Metal Hooks (set of 5) - Stainless Steel. T bolt head easily installs in greenhouse channels to allow for hanging plants, lights etc.

Wheelbarrow Access Plate for greenhouses: heavy duty aluminum - 19.5" w x 21" long (each side) x 1.75" high in the middle

Sash-Lock with screws - recommended to shut roof windows and top half of door

Plastic Hooks (for growing wire/rope - 10). Easily installs in greenhouse channels to allow growing wire or rope for vining plants.

Cold Frames

BioStar 1000 Premium Cold-Frame - 8 mm twin-wall polycarbonate with protective netting (against bugs, flies and breaks up heavy rain) on top. 8 mm makes it twice as insulated as other cold-frames. 5 year warranty. 40" L x 30" D x 17.5"/20.5" H

Easy-Fix Double Cold-Frame - 4 mm twin-wall polycarbonate to start your garden early. Lid on each side. Easy to assemble. 2 year warranty. Size: 48" L x 40" D x 12"/16" H.

BioStar 1500 Premium Cold-Frame - 8 mm twin-wall polycarbonate makes it twice as insulated as other cold-frames: includes 1 "quick release" automatic window opener (paraffin filled). 5 year warranty. 59"L x 32"D x 16"/20" H

Year-Round Cold-Frame - Designed for cold and warm weather - hassle free. In summer, slide the 4mm twin-wall polycarbonate cover out of the lid frame to reveal insect netting cover (protects from insects, wind, & hail). Comes with pre-assembled screen window. 2 year warranty. 50" L x 23" D x 12" & 16" H

Twin-Box - 51" long x 24" wide x 20" high

Triple-Box 75" long x 24" wide x 20" high

Raised Bed with Cover - Unique raised bed planter with insulating building "bricks" for better seedling production earlier in the season. Great for those of us who no longer want to bend down all the way. Covers are easily removed when the weather gets warmer. Includes a Gardena "quick-release" Drip-Hose system. Made from food grade safe materials. Two sizes.

Modern Modular Raised Bed System

Extend the height or length! Basic set consists of six 21.5" long and 10" high panels. Combine sets to raise the height. Use an extension set to lengthen the basic set by 21.5".

Beautiful wooden texture on the sturdy plastic components UV and moisture-resistant - sealing or painting needed! Made in Germany of recycled plastic and comes with 5 year warranty.

BPA-Free Compost Bins

Aerobin 400 Insulated Composter - Patented aeration lung system makes it quick and easy - no turning required! Just drop kitchen and yard waste at the top and later remove through the bottom access doors. Insulated walls and lid to support year round aerobic composting. Collect leachate at the bottom to dilute for compost tea. The very best consumer composter on the market today! 29" wide x 29" deep x 47" high.

1. **Mr.Spin® Compost Tumbler:** 160 liters/43 gal. Two compartments to keep fresh organic waste from older matter - separation makes better compost. This popular tumbler is easy to use and well suited for small yards. Simply turn this bin and waste is mixed easily. Green access doors and metal stand. From China.
2. **Earthmaker:** Three stage continuous-cycle composter with a space saving design for urban homes with a small garden. Organic waste decomposes in a truly aerobic fashion and does not "mix new with old". This process generates compost twice as fast (up to 10 gal/month) and with less odor than traditional composters. Swivel top lid and a large triangular bottom door for compost removal. Has open bottom - optional base grid is item #Soil Fence. Compost tool included. From New Zealand. Size: 124 gal./16.5 cu.ft.; 30"D x 47"H, 35 lbs.
3. **Aeroplus 6000 - 3-stage composter.** A new twist on the Earthmaker. This unit is larger, more durable, lasts longer and is easier to operate. Simply turn the crank handle and the waste drops from the 2nd to the 3rd chambers, in the process both chambers get mixed. The top chamber is relatively air tight designed to keep flies out. From Jewel in Austria. Capacity: 140 gals. Size: 31" x 31" x 43" H.
4. **AeroQuick Composter** - Made from 5mm thick heavy duty BPA-free plastic to last 10 to 15 years. They are 50-100% thicker than similar composters - strong enough to stand on! Comes with locking lid and two bottom doors to remove compost. Open bottom. Available in 3 sizes. From Jewel of Austria.
 AeroQuick 187 gal. - 37" x 37" x 43" H
 AeroQuick 110 gal. - 31.5" x 31.5" x 42" H
 AeroQuick 77 gal. - 28.4" x 28.4" x 31.5"H
5. **ECO-Master Composter** - Basic composter in black, side walls snap permanently together, large top lid, 2 doors at the bottom. Open bottom. Made from 100% recycled PP, 2.1 mm thick walls. From Graf in Germany. Available in two sizes.
 Eco-Master 300 - 80 gal black, 24" x 24" x 35.5" H.
 Eco-Master 450 - 120 gal black: 27" x 27" x 40" H.
6. **ECO-King Composter** - Basic composter in green, a step up from the Eco Master, side walls snap permanently together, large double lid, 2 doors at the bottom. Open bottom. Made from 100% recycled PP, 2.3 mm thick walls. Size: 28" x 28" x 33" H. From Graf in Germany.
 ECO-King 400 liters/110 gal green, 28" x 28" x 33" H:
 ECO-King 600 liters/160 gal green, 31.5" x 31.5" x 37.5"H
7. **Thermo King 900** - 240 gal giant composter. Made with Thermelon (air pockets for better insulation) 4.2 mm thick PP plastic (mostly recycled material). The Thermo King is stronger and more durable than most "regular" composters. Side walls hook together. Very large top loading door and two large doors for easy compost removal. Size: 40" x 40" x 40" - 240 gal. From Graf in Germany.
8. **Thermo Star 1000** - 267 gal Jumbo Composter. Made with a new Thermelon (air pockets for better insulation) 4.5 mm thick PP plastic (mostly recycled material). This is a step above the Thermo King - the 6 side walls are held together by thick rods. Has a top loading door and any bottom wall section can be opened for easy compost removal. Size: 50" x 50" x 41" - 267 gal. From Graf in Germany.

Q: Why do many of your composters have an open bottom?
 A: Microorganisms help digest your compost and make it richer. An open bottom allows the compost to have contact with the ground so these beneficial microorganisms can assist you in composting. A soil fence accessory is available to prevent tunneling rodents from reaching your compost.

Composting Accessories

- 1. Graf Soil Fence** - Works under any open bottom compost bin with a footprint less than 38" x 38". Useful to prevent tunneling rodents, but beneficial microorganisms and worms can still reach compost.
- 2. ECO Metal Composting Tool** - Well-made steel tool to last a lifetime. Simply push in and pull up. Turning a compost pile/bin significantly increases the decomposition process. Size: 37" H x 9" W
- 3. ECO Plastic Composting Tool** - Turn compost to speed decomposition. Size: 30.5" H x 4" W.
- 4. EM 1 Compost Activator** - Liquid concentrate of broad spectrum bacteria to quickly and effectively convert organic material into humus. It works well in low oxygen and anaerobic environments. Inactive ingredients: 96% water, 3% molasses. 1% active microorganisms. Certified organic liquid. Made in USA. Size: 1 quart

Indoor Composters and Collection Buckets

- 5. ECO Worm Composter** - Make compost tea! 6 wheels for easy movement around the kitchen during food prep; 3 layers; available in pink or green. Cap: 8 gal (worms not included). Size: 16.5" D x 24" H

- 6. Mr. ECO Kitchen Composter w/Hide Away Tumbler** - Load scraps into the hopper, then turn to empty into bin so no odor escapes! Place on a counter or wall mount with included hanger. Comes with 3 compostable bags. Dishwasher safe. Made in Canada. Size: 10 ltr/2.7 gal., 10.7" x 8.25" x 20"H.

- 7. 2-N-1 Kitchen Compost Bucket** - Perfect size to sit on the kitchen counter. Lift-off lid comes with clear rubber gasket to limit odors. Use handle on inner plastic bucket to carry scraps to your composter. Available in 5 colors: White (CPBW01), Oatmeal (CPBS01), Soft Green (CPBG01), Matte Silver (CPBS04) or Stainless Steel (CPBS03) Size: 10" x 7.5" x 10" H, 1 gallon capacity.

- 8. Kitchen Compost Caddies** - Kitchen compost bucket with handle and carbon filter to collect food scraps for outdoor composting. Dishwasher safe. Loose lid for easy cleaning. Made in England from 100% recycled plastics.
 - Mini** - Perfect for 1-2 person household, 1.3 gal., 8.5" x 6.5" x 8.0" H
 - Midi** - Perfect for 2-5 person household. 2.4 gal, 8.5" x 6.75" x 13" H
 - Jumbo** - Great for pet food storage too! 8 gal. 15" w x 11" d x 14.5" H
 Replacement Carbon Filters (G99) Replace every 3 months.

- 9. ECO 2000 Kitchen Compost Pail** - Our #1 item! Hinged lid with replaceable carbon filter. Place on counter or hang with 2 screws/hooks (not incl.) inside a cabinet. Made in Canada. 2.4 gal., 8.5" x 9" x 11"H.
ECO 2500 Replacement Filters for ECO 2000 - recommended to replace every 3 months

- 10. Compostable BioBags** - Use to collect kitchen scraps, then drop in an outdoor compost bin. BPI-Certified Compostable for city compost collection programs. 2.7 gallon size fits Mr ECO, ECO 2000 & 2-N-1 buckets.

URBAN Composter - a bokashi-style composting/fermenting system perfect for urban dwellings with little yard waste. All types of food scraps are accepted (including meat, fish, vegetables/fruit, dairy, coffee, etc). A tight lid means no flies/odors. Collect liquid fertilizer from the spigot. Use with URBAN Compost Accelerator spray. 2 sizes available in black, red, green or purple.

Small URBAN Composter - 2.1 gal capacity: 10" D x 10.5" H

Large URBAN Composter - 4.0 gal capacity: 12" D x 10.6" H

URBAN Compost Accelerator breaks down and ferments organic waste, which means no nasty odors during fermentation. It is 100% organic and environmentally-friendly. Spray bottle is easy to store and refill. Use with an URBAN composter.

URBAN Composter Accelerator - 17 fl.oz. Spray Bottle
URBAN Composter Accelerator REFILL - 34 fl. oz refill bottle

What makes GRAF rain barrels **better?**

- ▶ Water quality - the closed top and multi-layer construction protects your rainwater from sunlight exposure so there is no water degradation or algae growth.
- ▶ UV stable and weather resistant. Made from the highest grade of BPA-free plastic.
- ▶ Great variety of modern designs to choose from - some with planters on top!
- ▶ All tanks include a spigot at a perfect height for a watering can
- ▶ Included Universal Downspout Connection Kit (rectangular) makes installation easy
- ▶ Weather resistant and Winter proof - leave tap open in freezing weather
- ▶ Closed System to keep out mosquitoes
- ▶ Many of our tanks include a drain hole w/plug near the bottom
- ▶ Made in Germany and come with a manufacturer's warranty (3 or 5 years)

A. **The Wave Rain Barrel with Planter** - Modern texture creates a focal point for the planter which drains through filter and into rain barrel. Includes a chrome spigot at 14" high and 5 year warranty. Size: 92 gallons, 24" D x 60" H.
Available in 4 colors: Arctic White, Sahara Tan, Beach Beige, or Ocean Gray.

B. **High Gloss Elegance Rain Barrel with Planter** - Bright accent colors with smooth glossy finish. Includes chrome spigot and 5 year warranty.
Size: 92 gallons, 20" D x 60" H
Available in 3 colors: Lemon Yellow, Tomato Red, and Blue.

C. **Slatted Rain Barrel** - Looks like wood, made from the highest grade of plastics LLD-PE (BPA free). Brass spigot, connection kit, and drain hole w/plug on the side near the bottom. 5 year warranty. Size: 92 gallons, 49" W x 16" D x 40" H

D. **Top Tank** - Commercial-quality rain barrel for above ground use. Made from industrial strength BPA free plastic - when empty this unit is easy to handle. Two nesting halves seal tightly together, making it very consumer friendly. Includes brass tap, downspout connection kit, and a 3 year warranty. Available in singles or save money with multiple units on one pallet. Size: 345 gallons, 46.5" D X 61.5" H, 66 lbs

E. **Roman/ Antique Amphora Rain Barrel** - Planter on top! Looks like pottery, made from the highest grade of plastics LLD-PE (BPA free). Includes brass spigot, connection kit, and a 3 year warranty. Two sizes available.
Small Roman Rain Barrel - 66 gallons, 32" W x 28" D x 43" H
Large Roman Rain Barrel - 95 gallons, 35" W x 31" D x 48" H

F. **Venetia Rain Barrel** - Looks like terracotta, made from the highest grade of plastics HD-PE (BPA free). Small access panel on top. Includes brass spigot, connection kit and 3 year warranty. Two sizes available.
Small Venetia Rain Barrel - 80 gallons, 27" D x 51" H
Large Venetia Rain Barrel - 133 gallons, 31" D x 59" H

G. **Terranova Oval Rain Barrel (Gray)** - Made from the highest grade of plastics PP (BPA free). Includes brass spigot, connection kit and a 3 year warranty.
Size: 73 gallons, 32" W x 16" D x 41" H

H. **Terra Oval Rain Barrel (Cream)** - Made from the highest grade of plastics PP (BPA free). Includes plastic HD spigot with large opening, connection kit and a 3 year warranty.
Size: 73 gallons, 32" W x 16" D x 41" H

A.

B.

C.

D.

I. **Sunda/Wicker Rain Barrel** - Looks like wicker, made from the highest grade of plastics HD-PE (BPA free). Includes brass spigot, connection kit, and 3 year warranty. Size: 80 gallons, 32" W x 16" D x 47" H

J. **Bullet Rain Barrel with Planter** - Made from the highest grade of plastics HDPE (BPA free). Includes brass spigot, connection kit and a 3 year warranty. Size: 79 gallons, 24.5" D x 57" H

K. **VINO Rain Barrel** - Removable lid locks in place, turn counter-clockwise to remove (child-proof). Includes plastic high density fast-flow spigot, connection kit and 3 year warranty. Drain hole w/plug near bottom of the tank. Two sizes available.
 Small VINO Rain Barrel - 67 gallon, 25"D x 37"H
 Large VINO Rain Barrel - 110 gallon, 30"D x 42"H

L. **Brick Wall Rain Barrel** - Looks like bricks, made from the highest grade of plastics LLD-PE (BPA free). Includes brass spigot, connection kit and drain hole w/plug on bottom corner. 5 year warranty. Size: 105 gallons, 49" W x 16" D x 40" H

M. **Universal Rain Barrel Downspout Connection Kit** - Included with all our rain barrels, this is for an additional set or may be used with any rain barrel. Includes all parts needed to install a connection from a downspout to a rain barrel. Rubber collector inserts into downspout and collects the water along the outer edges, allowing larger articles to pass by. When the barrel is full, overflow will continue down your existing downspout. Includes diverter shut off, 16" connection hose, and a drill bit for the downspout/barrel. Made in Germany - available for Rectangular or Circular downspouts.

Rectangular Connection Kit - for standard RECTANGULAR downspouts (3"x4" or 4"x5")

Circular Connection Kit - for standard ROUND downspouts (4" to 5")

N. **Universal Rain Barrel Water Removal kit**: Great to drain water out of any rain barrel - to clean or to prevent heavy frost damage. Also useful as a water level gauge by attaching it vertically to side of tank. 85" long hose includes closeable tap.

Calypso Trellis Planter from Germany

Calypso Planter with Trellis - This unique planter has a built-in 2.5 gallon water reservoir with double bottom for self-watering. The water level indicator lets you know when to water! Includes 4 wheels, 2 lock to keep the planter in place. Trellis provides privacy and growing support. May be used indoors or outdoors (does not leak). Assembled size: 31"W x 13.5" D x 53" H. Made in Germany. Available in Green, white or metallic gray/anthracite.

Endura Clay Planters

B.

C.

D.

A. **Florentine Marbleized Bird Bath** - Lightweight, attractive, and very durable. Made from 70% clay. Three pieces push together. Available in Green, Blue/Black, and Red. Size: 20" D x 20" H

B. **Modena Urn Washed Finish in Dark Gray/Black** - Attractive detailing and a nice washed finish make an elegant statement. Come in 2-pieces which screw firmly together. Size: 16" D x 18" H

C. **Modena Urn Washed Finish in Sandstone** - Relief detailing on planter and base is accented by the washed finish. Lightweight and durable. 2-pieces screw together. Size: 16" D x 18" H

D. **Imperial Urn in Washed Finish in Gray** - Small urn planter. Attractive and lightweight - easier to move plants to safety during winter freezes. 4-pieces push securely together. Size: 11.3"D x 13.7"H

Q: What is Endura Clay?

A: Endura Clay is an injection molded fiber clay. It is made from 70% finely pulverized clay/earth, 25% recycled polyester resin, and 5% non-toxic organic binders. Endura clay is used to create attractive and detailed pieces that are durable and lightweight. Looks great and much easier to move your plants to safety during winter freezes. Endura Clay is safe outdoors to -10° F.

Outdoor and Patio Furniture

new!

A. **Fiber Clay Bench in Charcoal Gray** - Fiber Clay is designed to look like a classic concrete bench, but lightweight enough to allow easy handling. Solid Wood Sandbox and Play Items from GASPO of Austria

1. **Excavator / Digger Machine:** Traditional old-fashioned wooden toy designed to develop motor skills in young children, perfect for ages 3-7. Made from thick natural beechwood with high impact extremely durable plastic handles and wheels. Crane swivels 360°. Optional pre-assembly by Exaco. Holds child up to 125 lbs. Meets all TUV & GS safety standards for young children. Assembled size: 25.5" L x 12.6" W x 29.5" H

2. **FELIX Sandbox** - Adjustable roof/cover provides shade while the children play and lowers to keep animals and rain out when not in use (no floor for hygiene reasons). Made from PEFC certified spruce/pine wood treated with water based child-safe stain. UV 50+ stabilized roof. Sandbox is T.U.V. & Bureau Veritas approved. Size: 40" L x 40" W x 51" H.

3. **MAXI Sandbox with Toy Storage Box** - Adjustable roof/cover provides shade while the children play and lowers to keep animals and rain out when not in use (no floor for hygiene reasons). Toy storage box provide additional seating area. Made from PEFC certified spruce/pine wood treated with water-based child-safe stain. UV 50+ stabilized roof. Sandbox is T.U.V. & Bureau Veritas approved. Size: 44" L x 44" W x 48" H

4. **PLAYHOUSE Sandbox** - Playhouse rolls over the sandbox providing a cover and extra playspace. Sandbox has no floor for hygiene reasons. From GASPO in Austria - Made from PEFC certified spruce/pine wood treated with water based child-safe stain. UV 50+ stabilized roof. Sandbox is T.U.V. & Bureau Veritas approved. Sandbox interior is 37.5" L x 37.5" W x 8" H. Sandbox (only) exterior is 45" L x 45" W x 8" H. Fully assembled closed: 52" L x 52" W x 57" H; open: 90" L x 52" W x 57" H.

Q: Why do your sandboxes have no floor?

A: It is beneficial to have a freely draining sandbox in case the contents need to be washed/rinsed for hygiene purposes, it also allows rainwater to drain quickly in case the cover was not lowered. Additionally, many kids especially enjoy the creative and tactile play of wet sand, an open bottom allows easy dispersal of any excess moisture. We recommend preparing the ground with a layer or two of heavy duty weedcloth to provide a barrier between the dirt and play sand.

Clothes Dryers from Juwel of Austria

Juwel, winner of multiple Red Dot Design Awards, presents innovative and easy to use clotheslines for indoor and outdoor use. Juwel makes it simple to dry delicates, comforters, and other laundry naturally. Anodized aluminum makes the dryers easily portable, but also very strong, durable and corrosion resistant. The compact form and versatility make them ideal for small spaces and urban living.

new!
