	ALTON CEDAR GREENHOUSES FROM THE UK																															
	Cambridge T-shaped Cedar Half-Boarded Greenhouse - Handsome cedar greenhouse with front porch/portico. 10' peak, 5'7" high sidewalls, and 45 degree roof pitch. Front door to back wall is 9'11", while main rectangle is 8'8" wide. All wood is Grade 1 Western Cedar from Canada dipped and sealed (NO knots). Constructed with mortise-tenon and tongue-groove assembly and stainless steel hardware. Included: aluminum capping (for additional water protection), shelves and ridge decorations. Glazing is 3mm thick tempered safety glass. The single hinged door with keyed lock on one gable swings inward. Includes gutters/downspouts and aluminum base frame designed to raise wood framing from ground exposure. Knee brace spandrels at every rafter intersection: at both the ridge and the shoulders/gutters. Extended units also use additional wooden trusses. NOTE: individual wood pieces will vary greatly in color (light to dark).																															
5			Cambridge T-shaped Cedar Half-Boarded Greenhouse 12'5" L x 9'11" D - includes 4 Roof Vents with auto openers, 2 louvered windows with manual openers, and single hinged door. Modern Greenhouse with shed roof																												
15, 16-17			MODERN Greenhouse M23, M34 and M36: Basically a free standing "Lean-To" with a straight wall and a single sloped roof. The aluminum rafters & roof profiles are twice the thickness of standard units to support the long roof span and includes cross supports. This unique design will come standard with a set of double hinged doors, roof and side windows. M23: 1 set of double hinged door: 2 roof windows w/1 spindle 1 auto opener; 2 push out and 1 louvre window; M34 and M36: 1 set of double hinged door: 2 roof windows w/1 spindle 1 auto opener; 2 push out and 2 louvre window NOTE: the M34 and M36 models have traditional 4 cm overlapped glass panels on the roof for ease & safety of delivery (no forklift delivery necessary for M34/M36), handling, and assembly. M23 does still needs a forklift delivery	M23 Modern (7'9" x 10'2")	BLACK ONLY	\$11,499.00	\$17,249.00	79 sq.ft. 19			Drop-Door Kit - Hinged Door (recommended)- made by Exaco - this allows a standard Royal Victorian greenhouse to be placed on a knee/stem wall - usually 20" - 36" high (24" might be best). This Kit does not include the new glass panels needed above the doors - they should be ordered locally to size. We can supply extra polycarbonate for customer to cut to size. NOTE: we strongly recommend upgrading to Hinged Doors when greenhouse stands on a wall. We send enough material for 30" walls if more is needed let us know.	Vic drop door - hinged doors (single or double)	dark green	\$50.00	\$100.00		Belgium	017783954710	1	UPS/ FedEx	60	4	4	8							aluminum	2 days	1	5

19			Drop-Door Kit - for sliding doors (not recommended) - made by Exaco - There are numerous issues to mounting the sliding door on a knee wall, please call Exaco to discuss. We strongly recommend upgrading to hinged door with a knee wall. This Kit does not include the new glass panels needed above the doors - they should be ordered locally to size. We send enough material for 30" walls if more is needed let us know.	Vic drop door - sliding door (single or double)	dark green or black	\$75.00	\$150.00		Belgium	017783954703	1	UPS/ FedEx	60	4	4	8							aluminum	2 days	1	5	
					black					017783914707												aluminum					
19		NEW	Door Centering kit - Useful if centering a single door on a unit with an even number of bays (i.e on a VI34) or a double door on a greenhouse with an odd number of bays (i.e. at gable end of VI46). Kit includes (1) additional PRO1456 to help frame two narrow bays on either side of door and (2) narrow panes of glass for standard wall height. Kit with glass panes can ONLY be shipped with original greenhouse order. If greenhouse has already shipped, only a PRO1456 will be available and glass must be ordered locally.	VI DOOR CENTERING	black or green	\$200.00	\$299.00		Belgium	017783915117	1	LTL	40	48	90	125							aluminum & 4mm tempered glass				
19			Hinged door stop/holder - Door stop with latch to also hold door open. Generally included with original hinged door unless other door hardware is chosen. Black only.	VI HD STOP	black	\$49.00	\$79.00		Belgium	0177839544743	1	UPS/ FedEx	4	4	4	1											
19			Hinged door auto closer - Similar to commercial door auto closer. Arm and fixture are mounted inside the greenhouse to pull the door closed. The angle of door opening may be adjusted (can work well with greenhouses on knee walls). Auto closer only allows maximum opening of about 120 degrees.	VI HD PUMP	silver	\$94.00	\$139.00		Belgium	0177839544750	1	UPS/ FedEx	8	4	4	2

21	Fixed Interior Shadecloths from Janssens - Attached at gable, gutter and sidewall using 3 black aluminum straps to hold shadecloth in place. One shadecloth covers two panes (59") on one side of the greenhouse. Shadecloth is fixed and does not slide. Clean, sleek, modern design - cloth is pure white. Depending on model and structural supports, customizations/adaptations may need to be done on site. <u>Objects which can interfere with placement are:</u> deco support scrolls, span 384 supports on V146, Modern triangle supports, spindle roof vent openers (not accessible), portal frames in Gigants, odd # of glass panes. 100% polyester, 40-50% shade. Hang length on sidewall will vary by greenhouse width. May be used in single sections as needed. For full coverage on both sides of roof: V123=(4) SUN250 (up to 48" may drape down sidewall); V134=(6) SUN250 (up to 48" may drape down sidewall); V1 36 =(8) SUN250(up to 33" drapes down sidewall) ; VI 46=(8) SUN250 (up to 19" drapes down sidewall);M23=(2) SUN350; M34=(3) SUN350; M36=(4) SUN350.																																
21		NEW	Fixed Shadecloth 250 - 59" wide x 98.5" long - multiples will need to be purchased for full coverage. Recommended for V123, 34, 36, 46, Junior Vics, 12'7" wide Gigant, and 1-2 pane deep Arcadias. New Greenhouse Shadecloths (Janssens shadecloths are listed under Accessories section)																																	
21	Universal Retractable Roll-up Shade curtains with aluminum weave: Made by HOKIartherm in Germany (an in-house product) multiple sizes -to fit basically any greenhouse (within some limitations). The available pull out length of the shade cloth fabric 6'6" - rolls should not be used in applications longer than 6'6". The fabric length is 8 feet, however several wraps of fabric remaining on the roll are necessary to maintain tension on the fabric attachment point. The Gigant and Modern rolls have longer pull out lengths as noted. Made from: FFS 4/4 aluminum white - acrylic fabric with aluminum fibers. Acrylic fiber absorbs evaporative moisture: for drier fungus-free and healthier climate. Shading value ~55-60%. Fabric Made in Germany. Please see Exaco Victorian Accessories page for an excellent resource guide and video with additional information and recommendations for our standard Victorian greenhouses. NOTE: Victorian greenhouses - a standard glass section is 29.5" wide. So therefore the 59" & 98" sets work well, please reach out to Exaco for size recommendations for our models. Or see our recommendations under "More Info" on the listing on our Victorian Accessories page here: https://exaco.com/greenhouse-accessories-victorian-24.php#climate-section

	Modern 23: use (2) shade units, mount only one triangular support in center. Modern 34: use (3) shade units, two triangular supports should be spaced 2 panes apart. Modern 36: (4) shade units, either - two triangular supports will be two panes in from the gable end of the greenhouse - OR purchase an additional triangular support if you are in a higher snow load are to place at the midpoint.																										
	Wood Slatted Shades from Indonesia																										
	New exterior wooden shade solution for our Victorian greenhouses. Narrow slats of Bengkirai wood are evenly spaced to allow some sunlight through but efficiently shades the greenhouse. Bengkirai wood from Indonesia is known for its strength and durability. Brass clips connect the slats and set includes 6mm stainless steel bolts with 10 hex heads with holes for the top ring to connect to the ridge beam of the greenhouse. Please note: placement of roof vents during construction of greenhouse is key to these shades being compatible with your greenhouse.																										
21			Single panel wood shade is sized to fit one pane of a Victorian greenhouse (30.5" wide). This section is designed for a panel with NO roof vents.	EWS-SS		\$170 - Sale! \$110!	\$250 - Sale! \$162.50	Introductory sale 35% off!	Indonesia	017783124205	1	UPS/ FedEx							78	30.5			Bengkirai wood	1 day

26			Nelke PRO - size 4: Traditional A-frame greenhouse but with 16-mm Triple Wall Polycarbonate glazing. Comes with: 2 Roof vents (including automatic openers); large rear-wall window, and specially for Exaco extra wide 38" ADA friendly Dutch barn style Door (71" tall). Extras we have added: "turn-buckle" cross supports (to increase snow capacity; sandbag tested at 2,000 lbs.), and additional rubber seals at top and bottom of roof panels. NOTE: these poly panels are now made with the UV blocker infused in the panels itself - instead of a very thin film on the outside - for longer life. NEW upgraded doors and hardware.	NELKE4	anthracite grey	\$7,499.00	\$11,499.00	135 sq.ft.	Germany	0177833042009	1	LTL											powder coated aluminum and 16mm triple wall polycarbonate glazing				
26			Size: 9'8" wide x 14' long x 8' high center; gutters: 5'3" - extra wide barn style door- 37" - ADA rated.									LTL															
26			Foundation Frame for Nelke 4 PRO - I beam anchoring frame to bury in the ground to anchor the greenhouse without use of concrete.	Nelke Pro 4 Base	anodized	\$1,049.00	\$1,499.00		Germany	0177833042016	1	LTL	178	7	9	112		104 lbs			5		aluminum	2 days	1	5	
26	Top Shelf for NELKE PRO 4		Top Shelf: 10" W x 13'10" L - Note: due to side wall height - I suggest only 1 shelf per side.	Nelke 4 Top	anodized	\$419.00	\$699.00		Germany	0177833042023	1	UPS/ FedEx	Poly: 42.5 Bracket: 56	Poly: 11 Bracket: 5	Poly: 2 Bracket: 2.5	8 6			166	10	1.5		aluminum frame poly inserts	2 days	1	5
